MEXICAN EARTHQUAKE

Rumors as to Loss of Life at Chilpancingo Not Verified.

DAMAGE IS GREAT.

In a Church There a Solid Masonry Roof Falls, Burying People Beneath—Telegraph Interference Causes Delay.

City of Mexico, Jan. 18.—Details from Chilpancingo are still meager. It is known that the state capitol, the parish church and many houses are in ruin. The estimated of lives lost cannot yet be stated, but reports have lowered them to less than 300.

The shock was also severe at Chilapa, also in the state of Guerrero. That region has always been the focus of seismic disturbances.

One of the edifices that suffered most in the earthquake at Chilpancingo was the federal telegraph office, which explains the paucity of news that has reached this city so far. The lines and apparatus were damaged, but the employees, all of whom escaped uninjured, quickly proceeded to erect temporary telegraph quarters.

Owing to the frequency of earthquake shocks throughout the state of Guerrero, all the houses are one story. Had not this been the case the loss of life would have been far greater. The number of deaths was greater in a church than in any single place, as a crowd of worshippers were gathered for afternoon service. The solid masonry walled roof came toppling down on the worshippers as if a Sampson had wrenched at the pillars.

The war department has ordered the forces in the neighborhood to cooperate in the work of rescue. Until this work is completed it will be impossible accurately to know the number.

It is supposed that this is one of the most destructive seismic phenomena that ever occurred in Mexico.

The greater part of the population are now camping out under tents around the city. Chilpancingo is five days' journey from here.

Up to 11 o'clock Friday night no further news had come through from Chilpancingo except that the estimate of the dead has been decreased.

The earthquake was also intense at Iguala, in the state of Guerrero, destroying the parish church and many buildings in the city and neighborhood.

Among the latter was the sugar mill of General Frisbie, an American. The mill had just been completed and fitted up with American machinery at a cost of \$200,000. The property loss is immense throughout the state of Guerrero.

Supreme Court Ruling.

Austin, Jan. 18.—In answering certified questions in the case of William M. Kellett vs. Callie R. Trice, from McLennan, the supreme court upheld a former decision of the court of appeals in which it was decided that a married woman's separate property did not become community property, even though she had transferred it by deed to herself and husband. This is a case of some interest, that is, the principles involved are very important, and the court decides a point that arises a number of times, especially where there are divorces and the woman owned property. The doctrine laid down is comparatively new.

Found Dead in Bed.

Alvin, Tex., Jan. 18.—A man who gave his name as Wat W. Berryhill came to the Wirtz hotel on the evening of Jan. 15 and engaged as dishwasher. Friday morning he was found dead in his bed. No evidence of any poison could be found and the doctor pronounced it a case of heart failure. He claimed to be a native of Missouri. He said he came south for his health and worked in a hotel at Ladonia, coming from there here.

Child Burned to Death.

Dallas, Jan. 18.—Gracie Claus Rast, aged 4 years, died at 224 Portland street from the result of burns three or four days ago. She was sweeping in front of the fireplace in her home when the fire came in contact with her dress and she was burned severely before assistance came.

Gambled Rent Money Away.

Oklahoma City, O. T., Jan. 18.—Robert McKee, aged 45 years and a carpenter by trade, died here from the effects of a dose of morphine taken with suicidal intent. The loss of \$20 at a gambling table, which he should have paid for house rent, was responsible for his act.

Mark Lane Suffocated.

Corsicana, Tex. Jan. 18.—The building occupied by Sifton's grocery store, on North Beaton street, caught fire early Friday morning and Mark Lane was suffocated by the smoke which filled the second floor. The fire was caused by the explosion of a lamp.

Griffith Causes Suicide.

Ranger, Tex., Jan. 18.—C. Flournoy, a well known farmer of this section,

committed suicide by shooting himself with a pistol. It is the general impression that grief over the loss of his wife, who died some months ago, was the cause.

Robinson Under Bond.

McKinney, Tex., Jan. 18.—The examining trial of A. T. Robinson of Weston, charged with an assault to murder Fred Wilson at that place, was concluded Friday. Robertson was placed under a \$500 bond.

WASHINGTON NEWS.

Urgency Deficiency Bill Reported to the House by Mr. Cannon.

Washington, Jan. 18.—When the house convened today Mr. Joy of Missouri, chairman of the committee on accounts, precipitated a discussion involving some of the patronage of the house by presenting a resolution providing for the appointment of two additional messengers. The resolutions after explanation, was adopted.

Mr. Cannon, chairman of the committee on appropriations reported the urgency deficiency bill and gave notice when he would call it up for consideration. He explained that the bill carried appropriations aggregating more than \$16,000,000.

In answer to an inquiry he expressed opinion that near the close of the present session of congress it would be necessary to pass another deficiency bill. He could not say how much next bill might carry.

A bill was passed for the protection of towns in Indian Territory and providing they may issue bonds to an amount not exceeding five mills on each dollar of taxable property of municipality for construction of sewers, water-works and school houses.

The senate amendments to the house bill appropriating \$90,000 for government exhibit and floor space at Charleston exposition were agreed to and the bill passed.

ANARCHIST SOLDIER.

He Gets Ten Years for Threats Against President Roosevelt.

Astoria, Ore., Jan. 18.—Frank Rakowski, a soldier in the United States army, has been degraded at Fort Canby and sentenced to ten years imprisonment in the military prison on Alcatraz island, Cal.

Rakowski was a member of Captain Crane's company stationed at Fort Stevens. He was on detached duty at Fort Columbia, Wash., when he voiced the anarchist sentiment, and after arrest by the civil authorities was turned over to the military officials at Fort Canby. He was tried before a general court martial.

A few days before Christmas Rakowski became intoxicated at Chinook and while in a saloon there made the following statement:

"President McKinley got what he deserved. My time of enlistment in the army will soon expire, and when it does I will see that President Roosevelt gets the same dose that Czolgoz gave McKinley."

Rakowski's sentence is dishonorable discharge, forfeiture of all pay and allowances and confinement in the military prison for a period of ten years.

Captain Cloke stated that he knew little of Rakowski except that he formerly resided in Milwaukee.

AFTER A PENSION.

Widow Seeks to Annul a Marriage in Order to Get a Pension.

New York, Jan. 18.—In order that she may obtain a pension as a widow of her husband, Mrs. Mary Dorr, through her counsel, has filed a summons and complaint in the county clerk's office, Brooklyn, in her suit for the annulment of her marriage to James H. Knight. She lived with Knight for 20 years after the disappearance of her husband, Ezra Dorr, who went to California in 1849 from their home in Florida, New York, to seek gold. After Dorr went to California his wife waited for news from him until July 3, 1858, and then, believing him dead, married James H. Knight. The couple lived happily together until 20 years later, when Dorr reappeared. He met his wife, and she left Knight who went to British Columbia. The reunited couple lived together until 1895 when Dorr died in Brooklyn. As the widow of Dorr the complainant will be entitled to a pension from the United States government.

VENEZUELAN WAR.

Government Troops Reported Defeated by the Revolutionists.

Port of Spain, Jan. 18.—According to the latest advices from Venezuela the revolutionary force under General Codeno has twice defeated government troops in the state of Carabobo.

A new insurrection has been started near Carupano under the leadership of General Vasquez.

Generals Batalla and Loreto Lima have taken up arms against Castro in the State of Zamora.

The Pan-American congress in session in the City of Mexico never got down to business right until shaken up by the earthquakes. The windjammers got scared and the business was allowed to proceed.

During the past year twenty-one companies with an aggregate capital of \$1,914,000 were organized in Texas for the purpose of growing rice, and three companies with a capital of \$50,000 each for building and operating rice mills.

By the census taken in 1900, the total population of the United States, including Alaska, is 76,058,165. "Our colonies" contain as follows: Philippines, 6,961,339; Porto Rico, 953,343; Hawaii, 154,001; Guam, 9,000; American Samoa, 6,100; soldiers and sailors in foreign lands, 91,219. Total, 84,233,167.

Three representatives of the Missouri, Kansas and Texas railroad were in Madisonville Wednesday. Two of them were only traveling freight agents, but the other one was an official—he had a big cranium, but wouldn't say much, only gave it out that he wanted a few statistics of Madison county, the number of cotton gins and the amount of cotton they gin, etc. He was well loaded by some of our citizens. GEOLOGICAL ANTICS.

The Dry Places are Moist Without Rain.

Denton, Tex., Jan. 17.—Report from several parts of this county is coming in that the wheat is looking unusually good in spite of the lack of rain, and now comes the report that moisture from some unknown source is coming to the rescue, and that, even where the dust is apparently the heaviest and driest, the deeper soil underneath, wherein are found the roots of the plant, is almost wet; anyway damp enough to support and nourish the plant. The creeks in the county, strange to say, that two weeks ago had water only in the deeper holes, are now running, according to the best testimony. Little Elm, in the eastern part of the county, is running at the McKinney road bridge. The phenomena has aroused many theories, but so far no satisfactory explanation, unless it is that the lower strata of the earth are coming to fill the void in the upper, caused by lack of general rain.—News.

Saw Wood.

An Arkansas contemporary gives the following wholesale advice on young men and boys:

"My son, follow not in the footsteps of the loafer, nor example him who is born tired, for verily, I say unto you, their business is overstocked, the seats are all taken and the whittling places all occupied. It is better to saw wood at two bits a cord than to whittle at a loafing match and cuss the government. My son, while thou hast left in thy skull the sense of a jaybird avoid the cigarette habit, for lo, thy breath stinketh like a glue factory and thy whole appearance is less intelligent than a stone dummy. Thou art a cipher with the rim knocked off."

Quick Returns of Insurance.

Anyone who has anything to do with collecting life insurance policies, knows of the red tape, delay and work incident thereto.

A. C. Noack, Jr., exhibited to the reporter this morning a check that ought to be a record breaker. It was a draft for \$2,000 from the Ancient Order of United Workmen covering the policy of W. N. Norwood, Sr., who died at his home in

this city only six days ago.

There has been some very quick insurance return to Navasota, but this is the best as far as heard of. —Navasota Examiner

Tip for Uncle Sam.

The darkest cloud on England's horizon is the steady decay of what once was England's pride, namely, English agriculture. At the present time, a few stock farmers manage to preserve the integrity of their holdings, but the day of prosperous English farmers has seen its sunset. The government's policy of neglecting agriculture and encouraging trade, and the custom of placing agriculture in the hands of tenants have done the work, and now England is dependent upon the agriculture of other countries for more than 65 per cent. of the food of her people. While England is very fond of war, against weak antagonists, it will be a sorry day for her when she goes to war with a nation able to fight her on sea as well as land, for every ship load of bread and meat would require a convoy of armed vessels to insure its landing. Few nations can long survive a decayed agriculture, for from the soil, and not the chemist's laboratory, must the people be fed and clothed.—Farm and Ranch.

AGREEMENT REACHED.

Compulsory Arbitration Passed by the Pan-American Congress.

City of Mexico, Jan. 18.—The atmosphere of the Pan-American congress was suddenly cleared Friday. In the midst of excellent feeling on all sides both the plan of compulsory arbitration and The Hague agreement passed through the conference.

William I. Buchanan, of the United States delegation afforded a means whereby, in spite of Thursday's discussion, both Ecuador and Chili might adhere to The Hague convention, proposing that the minutes of the last two sessions, showing the feelings of Chili with regard to arbitration should form part, as annexes, of the protocol whereby the nations represented at the conference express their acceptance of The Hague convention.

Cordial relations between the Chilians and the Mexicans have been restored and the Walker-Martinez incident has been closed satisfactorily to all concerned.

Now that the arbitration difficulty has been disposed of the conference will hasten the work that is still before it and will be able to close its session in one week or ten days.

SHOT SIX TIMES.

Allen Carpenter Killed by Tom Glenn in a Quarrel in Louisiana.

Natchez, Miss., Jan. 18.—Tom Glenn, said to be a Texan, who has been working in the extension of the Texas and Pacific railway camp in Concordia parish, Louisiana, shot and killed Allen (Tige) D. Carpenter at 9:30 o'clock Friday night. Glenn fired six shots into Carpenter, any one of which would have been fatal.

Carpenter is a brother of J. N. Carpenter, one of the wealthiest men in this section, and was himself a man in comfortable circumstances.

There were threats of lynching and Glenn was hurried to the county jail. The shooting was the outgrowth of a quarrel over a trivial matter. Carpenter was 59 years of age.

Orphans Brought to Texas.

Howe, Tex., Jan. 18.—At the Christian church here Friday Frederick Kin, special agent of the Children's Aid society of New York City, found home for 13 orphan boys from 8 to 17 years old. The boys arrived here on the 8:45 train direct from New York. The rest of the party of 30 were taken to Plano.

Four Miners Killed.

Joplin, Mo., Jan. 18.—In a cave-in in the Ida mine at Cavilla, near here, four miners lost their lives, another was injured fatally and several others were seriously injured. The dead are John Simmons, Arthur Roberts, Bruce Westfall and Don Ostott. The accident was caused by premature explosion.

Murder and Suicide.

Coffeen, Ill., Jan. 18.—A horse and buggy stopped at Hart's livery barn here late Thursday night. There was no driver, but the buggy contained the dead body of Miss Gerty Clifford, who lived near Donnellson, and Fred Brockman in a dying condition. Brockman shot the girl and then himself.

Terrell, Tex., Jan. 18.—Grat Crockett, who is charged with shooting Harrison Lewis at Forney Thursday night, came to this city and surrendered to Marshal Joe Keller, who took him to Kaufman and placed him in jail to await an examining trial.

Dallas Druggist Fails.

Dallas, Jan. 18.—Jeff M. House, a druggist doing business in this city, has filed a general assignment with the county clerk for the benefit of accepting creditors. W. H. Lewis is named as assignee. The liabilities and assets are placed at about \$4000.

GAMBLERS HELD UP.

Two Men Raid a Den at Omaha Securing About \$200.

ROBBERS ARRESTED.

The Men Admit Their Identity and Said They Did No Worse Than the Gamblers Did to Them. Money Was Recovered.

Omaha, Jan. 18.—Two unmasked men held up a dozen men in a gambling room over a saloon at Fourteenth and Douglas streets early this morning and secured the cash box and \$200 in money from the owners of the place. They were captured 10 minutes later by the police and locked up. They gave the names of Frank Williams and Frank Jones. At the station both men admitted their identity and said they had lost their money in the place, and thought their game was as fair as that of the gambling house. All the stolen money was found on the men.

ACROSS THE ATLANTIC.

Steamship Company Proposes to Make the Trip in Four Days.

New York, Jan. 18.—To clip from 24 to 36 hours from the record time for crossing the Atlantic is the promise of the New York and European Steamship company, a trans-Atlantic steamship line, which offers assurance of a speedy fulfillment of its pledge. This company, which has already applied for pier privileges in this city and formulated the larger part of its plans, expects by the substitution of the turbine engine for that now in use, to secure a constant speed of 30 knots an hour in its new boats. Such a speed will mean that passengers can be carried from this country to Europe in a little more than four days.

To cut off a day in the time of crossing the Atlantic will mean much to the steamship company which succeeds in doing it. Fast mails, not only of this country, but those which are beginning to pass through from Australia and the far east, will naturally fall to the steamship company that can handle them quickest. Delivered at Queenstown these mails could, according to the plans of the New York and European company, be carried in three days and seven hours, a reduction of two days from the present time.

Important to Medical Students.

Ann Arbor, Mich., Jan. 18.—Dr. Victor C. Vaughan, dean of the medical department of the University of Michigan, and chairman of the national committee for the affiliation of courses, announces that the committee expects that the German credit system will be in operation in all the large medical colleges of the country by September. By this system a student can go from one college to another and take work under professors who stand at the head of their specialty without the complication and delay that is experienced at the present time. In other words, the student can have the advantage of one college containing the best professors in the country in all branches.

Prize Fighters Discharged.

Philadelphia, Jan. 18.—Peter Maher and Tom Sharkey, who were arrested Friday at the instance, it is alleged, of the Law and Order society, and held in \$5000 bail to keep the peace, appeared at the magistrate's office and were discharged. James H. McFarland, promoter of Friday night's bout, was also released. The magistrate announced that as the men had not committed any over act which might be construed as any violation of the statute prohibiting prize fighting there was no complaint against them.

Carnegie Party to Suit.

New York, Jan. 18.—Andrew Carnegie will be made a party to a suit for property valued at \$2,000,000 which will be brought against the wife of his brother by heirs of Robert Stafford, the sea island cotton king. Papers in the action have just been prepared in this city. The suit will be to secure title to Cumberland island, off the coast of Georgia which Mr. Carnegie and his sister-in-law have made a beautiful park and mid-sea home. The fact that the Stafford heirs had any claim to the property was discovered by accident. The property cost Mr. Carnegie \$45,000.

Invited President Roosevelt.

Washington, Jan. 18.—W. J. Gaines of Atlanta, bishop of the African Methodist Episcopal church; Garland Penn, secretary of the Epworth league of the Northern Methodist Episcopal church, and a delegation of 20 other negroes, representing various denominations interested in the spiritual, moral and educational advancement of the colored race, have invited President Roosevelt to attend the Negro Young People's Christian congress to be held at Atlanta, Ga., next August.

Explosion of a Locomotive.

Des Moines, Jan. 18.—A boiler of a Rock Island passenger locomotive exploded near Victor, Iowa. Engineer and fireman both killed while the brakeman and two porters were seriously injured. A Pullman car was thrown from the track and rolled down an embankment. None of the passengers were seriously injured.

Filipinos Surrender.

Washington, Jan. 18.—The war department is advised of the surrender of 365 insurgents to Brigadier General James F. Wade at Cebu, P. I., Jan. 14. On Jan. 15 they took the oath at Taglibaran Bohol.

The St. Louis World's Fair directors have acted wisely in refusing to postpone the big show until 1904. It is too well advertised for 1903 to admit of any change in the date.

The Pan-American congress in session in the City of Mexico never got down to business right until shaken up by the earthquakes. The windjammers got scared and the business was allowed to proceed.

During the past year twenty-one companies with an aggregate capital of \$1,914,000 were organized in Texas for the purpose of growing rice, and three companies with a capital of \$50,000 each for building and operating rice mills.

By the census taken in 1900, the total population of the United States, including Alaska, is 76,058,165. "Our colonies" contain as follows: Philippines, 6,961,339; Porto Rico, 953,343; Hawaii, 154,001; Guam, 9,000; American Samoa, 6,100; soldiers and sailors in foreign lands, 91,219. Total, 84,233,167.

Three representatives of the Missouri, Kansas and Texas railroad were in Madisonville Wednesday. Two of them were only traveling freight agents, but the other one was an official—he had a big cranium, but wouldn't say much, only gave it out that he wanted a few statistics of Madison county, the number of cotton gins and the amount of cotton they gin, etc. He was well loaded by some of our citizens. They come over here from Trinity, the terminus of the Katy's little pine route, making a topographical survey of the country between Trinity and Madisonville, and they left yesterday over the same route, taking the back track.—Madisonville Meteor.

Tip for Uncle Sam.

The darkest cloud on England's horizon is the steady decay of what once was England's pride, namely, English agriculture. At the present time, a few stock farmers manage to preserve the integrity of their holdings, but the day of prosperous English farmers has seen its sunset. The government's policy of neglecting agriculture and encouraging trade, and the custom of placing agriculture in the hands of tenants have done the work, and now England is dependent upon the agriculture of other countries for more than 65 per cent. of the food of her people. While England is very fond of war, against weak antagonists, it will be a sorry day for her when she goes to war with a nation able to fight her on sea as well as land, for every ship load of bread and meat would require a convoy of armed vessels to insure its landing. Few nations can long survive a decayed agriculture, for from the soil, and not the chemist's laboratory, must the people be clothed.—Farm and Ranch.

AGREEMENT REACHED.

Compulsory Arbitration Passed by the Pan-American Congress.

City of Mexico, Jan. 18.—The atmosphere of the Pan-American congress was suddenly cleared Friday. In the midst of excellent feeling on all sides both the plan of compulsory arbitration and The Hague agreement passed through the conference.

William I. Buchanan, of the United States delegation afforded a means whereby, in spite of Thursday's discussion, both Ecuador and Chili might adhere to The Hague convention, proposing that the minutes of the last two sessions, showing the feelings of Chili with regard to arbitration should form part, as annexes, of the protocol whereby the nations represented at the conference express their acceptance of The Hague convention.

Cordial relations between the Chilians and the Mexicans have been restored and the Walker-Martinez incident has been closed satisfactorily to all concerned.

Now that the arbitration difficulty has been disposed of the conference will hasten the work that is still before it and will be able to close its session in one week or ten days.

SHOT SIX TIMES.

Allen Carpenter Killed by Tom Glenn in a Quarrel in Louisiana.

Natchez, Miss., Jan. 18.—Tom Glenn, said to be a Texan, who has been working in the extension of the Texas and Pacific railway camp in Concordia parish, Louisiana, shot and killed Allen (Tige) D. Carpenter at 9:30 o'clock Friday night. Glenn fired six shots into Carpenter, any one of which would have been fatal.

Carpenter is a brother of J. N. Carpenter, one of the wealthiest men in this section, and was himself a man in comfortable circumstances.

There were threats of lynching and Glenn was hurried to the county jail. The shooting was the outgrowth of a quarrel over a trivial matter. Carpenter was 59 years of age.

Orphans Brought to Texas.

Howe, Tex., Jan. 18.—At the Christian church here Friday Frederick Kin, special agent of the Children's Aid society of New York City, found home for 13 orphan boys from 8 to 17 years old. The boys arrived here on the 8:45 train direct from New York. The rest of the party of 30 were taken to Plano.

Four Miners Killed.

Joplin, Mo., Jan. 18.—In a cave-in in the Ida mine at Cavilla, near here, four miners lost their lives, another was injured fatally and several others were seriously injured. The dead are John Simmons, Arthur Roberts, Bruce Westfall and Don Ostott. The accident was caused by premature explosion.

Murder and Suicide.

Coffeen, Ill., Jan. 18.—A horse and buggy stopped at Hart's livery barn here late Thursday night. There was no driver, but the buggy contained the dead body of Miss Gerty Clifford, who lived near Donnellson, and Fred Brockman in a dying condition. Brockman shot the girl and then himself.

Surrendered to the Marshal.

Terrell, Tex., Jan. 18.—Grat Crockett, who is charged with shooting Harrison Lewis at Forney Thursday night, came to this city and surrendered to Marshal Joe Keller, who took him to Kaufman and placed him in jail to await an examining trial.

Dallas Druggist Fell.

MR. P. E. WILLMAN DEAR.

Died Suddenly While Visiting His Son at Grand Saline.

Members of the family and friends in Bryan were greatly shocked and grieved yesterday to learn of the sudden death of Mr. P. E. Willman at Grand Saline, Texas, yesterday morning at 11:30 o'clock. Mr. Willman's death occurred at the home of his son, Mr. J. J. Willman, whom he was visiting. Mr. Willman left Bryan recently in as good health as he has been for ten years, and his death was entirely unexpected.

Mr. P. E. Willman, who was about 68 years old, was born in Frankfort, Germany, and came to the United States with his parents in infancy, the family settling at Natchez, Miss. He was married at Natchez to Miss Maggie Nackie, a native of Scotland, who came to Natchez in her 18th year. The marriage was quite romantic from the fact that Mr. Willman was the first person the young Scotch girl met in Natchez.

Mr. Willman moved to Galveston in 1874 and to Bryan the following year, having made his home here continuously since. He was an architect by profession and a well read, intelligent and scientific man. He was of retiring disposition, but when drawn into conversation his mind was found to be a veritable storehouse of knowledge. His good wife, a woman of marked strength and nobility of character, died seven years ago. He leaves five children, J. J. Willman, of Grand Saline, Marty Willman, Mrs. H. G. Rhodes, Mrs. W. D. Lawrence and George S. Willman.

The remains will be brought to Bryan for interment and the funeral will be conducted from the residence of Mr. W. D. Lawrence this afternoon at 4 o'clock.

To Cure Malaria in Four Days, Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

The Carnival Party.

Remember, the Carnival Party will be held Monday, January 27th. The Bryan band has kindly tendered its service gratis. The Bryan Grocery Company have offered the use of their hall (Mike's Hall) for the occasion, thus assuring that the civic movement meets with the approval and co-operation of leading business men of the city and encouraging the Club to greater efforts toward the development of the resources which are abundant, but which so far have been dormant.

The following committees have been appointed:

Inspection Committee—Prince of Wales, Old King Cole, David Harum, Old Mother Hubbard, Empress Josephine.
Floor Committee—Duke of York, Simple Simon, Gov. Sayres, Little Boy Blue.

Arrangement Committee—Emperor William, Teddy Roosevelt, Admiral Schley.

Amusement Committee—Little Bo Peep, Maid of Athens, Aunt Lucindy, Queen Louise.

PROGRAM.

Grand March.
Coronation of Queen by H. R. H. King Edward VII.

Presentation of Court Lords and Ladies. Their Royal Highnesses will then have charge d'affaire, and the loyal subjects will be entertained with many bits of pleasantly.

Among other things a cake walk, performed by Aunt Lucindy, in town "jest to see the sights," and His Highness, King Henry VIII.

The Civic Club has pledged \$5 of the proceeds toward the cemetery fund.

Arm yourselves with confetti, which has been ordered for the occasion by the merchants.

Attend the Carnival and have a good time.

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund the money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

To Cure Chills or Malaria in 4 Days, Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

OVER HALF A MILLION

To Be Spent by the I. & G. N. This Year in Betterment.

The International and Great Northern railway company has filed with the railroad commission an itemized statement of betterment proposed during the present year. The statement shows that the road contemplates some very substantial improvements all along the line. It will also be noticed that a handsome passenger station is to be erected at San Antonio and several buildings at Palestine. Another feature is the provision for change from burning coal to oil, cost of burners and tankage included.

The road bed is to be materially improved and figures given do not include expenditures in the new property, but only for the old road. The improvements include work on bridges, the Trinity embankments, the construction of stone culverts, and other improvement, the aggregate cost of which will be \$587,935.

Dr. W. T. Wilson cut the splinter out last night, and the boy is resting easy.—Navosota Examiner.

MR. P. E. WILLMAN DEAD.

Died Suddenly While Visiting His Son at Grand Saline.

Members of the family and friends in Bryan were greatly shocked and grieved yesterday to learn of the sudden death of Mr. P. E. Willman at Grand Saline, Texas, yesterday morning at 11:30 o'clock. Mr. Willman's death occurred at the home of his son, Mr. J. J. Willman, whom he was visiting. Mr. Willman left Bryan recently in as good health as he has been for ten years, and his death was entirely unexpected.

Mr. P. E. Willman, who was about 68 years old, was born in Frankfort, Germany, and came to the United States with his parents in infancy, the family settling at Natchez, Miss. He was married at Natchez to Miss Maggie Nackle, a native of Scotland, who came to Natchez in her 18th year. The marriage was quite romantic from the fact that Mr. Willman was the first person the young Scotch girl met in Natchez.

Mr. Willman moved to Galveston in 1874 and to Bryan the following year, having made his home here continuously since. He was an architect by profession and a well read, intelligent and scientific man. He was of retiring disposition, but when drawn into conversation his mind was found to be a veritable storehouse of knowledge. His good wife, a woman of marked strength and nobility of character, died seven years ago. He leaves five children, J. J. Willman, of Grand Saline, Marty Willman, Mrs. H. G. Rhodes, Mrs. W. D. Lawrence and George S. Willman.

The remains will be brought to Bryan for interment and the funeral will be conducted from the residence of Mr. W. D. Lawrence this afternoon at 4 o'clock.

The Carnival Party.

Remember, the Carnival Party will be held Monday, January 27th. The Bryan band has kindly tendered its service gratis. The Bryan Grocery Company have offered the use of their hall (Mike's Hall) for the occasion, thus assuring that the civic movement meets with the approval and co-operation of leading business men of the city and encouraging the Club to greater efforts toward the development of the resources which are abundant, but which so far have been dormant.

The following committees have been appointed:

Inspection Committee—Prince of Wales, Old King Cole, David Harum, Old Mother Hubbard, Empress Josephine.

Floor Committee—Duke of York, Simple Simon, Gov. Sayres, Little Boy Blue.

Arrangement Committee—Emperor William, Teddy Roosevelt, Admiral Schley.

Amusement Committee—Little Bo Peep, Maid of Athens, Aunt Lucindy, Queen Louise.

PROGRAM.

Grand March.
Coronation of Queen by H. R. H. King Edward VII.

Presentation of Court Lords and Ladies. Their Royal Highnesses will then have charge d'affaire, and the loyal subjects will be entertained with many bits of pleasantly.

Among other things a cake walk, performed by Aunt Lucindy, in town "jest to see the sights," and His Highness, King Henry VIII.

The Civic Club has pledged \$5 of the proceeds toward the cemetery fund.

Arm yourselves with confetti, which has been ordered for the occasion by the merchants.

Attend the Carnival and have a good time.

Louisiana Purchase Will Be Held
Next Year as Proposed.

RUMOR IS A MISTAKE

President Francis Said if the Exposition
was Postponed for One Year
More European Exhibits
Would Be in Place.

Washington, Jan. 18.—Ex-Governor Francis, in response to a request from the Associated Press, made the following statement regarding reports that the Louisiana Purchase exposition would be postponed from 1903 to 1904: "I was much surprised to learn that a statement had been printed to the effect that I had virtually admitted that the fair would be postponed from 1903 to 1904. I have never advocated the contemplated such action. On behalf of the local company I desire to say it can be ready for the exposition in 1903 and will be ready. When some newspaper men asked me Friday if the fair would be postponed, and I made a negative reply, I was asked if we could not prepare a better fair in 1904 than 1903. I replied 'Yes, and so can we prepare a better fair for 2004 than for 1904.' I cannot see why this statement should be construed as an admission that the Louisiana Purchase exposition would be postponed from the date fixed by congress and announced by the president in his proclamation inviting foreign countries to participate. Some of the European governments have sent replies declining, and one object of my visit to Washington is to ask the state department and the administration to bring additional pressure upon such governments to reconsider their conclusion. If, however, they refuse to do so, it would not mean that St. Louis would not have exhibits from those countries, as our commissioners would make appeals to manufacturers and other exhibitors therein. One or more of the foreign governments have given as reasons for the declination that they have not time in which to prepare. Whether the governments so declining would participate in the event of a postponement have not been ascertained.

"I am still in conference with the state department and trust that within the next few days some plan will be evolved whereby foreign governments that have declined can be induced to reconsider."
"If," continued Mr. Francis, "the state department or the administration or congress should desire this fair postponed in order to give foreign governments a longer time in which to prepare, I have no doubt the local corporation would readily grant such wishes."
"Do you expect that such a contingency will arise?" was asked.
"No, I do not expect, but firmly believe that everything will be in readiness and the fair will open on time," was Mr. Francis' reply.

That Postponement Rumor.
St. Louis, Jan. 18.—"Whereas, the public press has agitated the question of postponement of the Louisiana Purchase exposition.

"Resolved, That under the act of congress and under every plan of the board of directors and executive committee, the exposition will open and close in the year 1903."
These resolutions were unanimously adopted at a meeting of the executive committee of the exposition company Friday evening to set at rest statements coming from Washington to the effect that the World's fair might have to be postponed from 1903 until 1904.

Wants to Be Exempt.
Austin, Jan. 18.—The Cotton Belt has made the first move in the matter of the commission's action in adopting the new tariff of class rates. General Freight Agent Lebane of the Cotton Belt telegraphed the commission requesting that his road be exempted from the new tariff. It is expected that a number of other roads will also ask to be exempted, but the commission is not disposed to grant such requests and will not do so.

Passenger Train Ditched.
Lafayette, La., Jan. 18.—A fast passenger train on the Southern Pacific road was wrecked Friday at Code Station, 12 miles east of Lafayette. Five passenger cars were thrown from the track, all well filled with passengers, but fortunately only three were seriously hurt.

Run Over by a Wagon.
Memphis, Tex., Jan. 18.—J. E. Randall was instantly killed four miles northeast of here. A wagon, which was heavily loaded with cottonseed, broke in two, throwing him under the wheels, crushing his skull and breaking his neck.

County Clerk Resigns.
Denton, Tex., Jan. 18.—The resignation of County Clerk E. F. Zumwalt has been formally accepted by the county commissioners, and Deputy Clerk Lee Zumwalt, a brother, was appointed to serve for the remainder of the unexpired term.

Child Burned to Death.
Burkeville, Tex., Jan. 18.—Alithia, the 3-year-old daughter of Prof. H. P. Webb, who was burned Thursday morning, died.

PLEA FOR THE BOERS.

Webster Davis Is Taking a Monster Petition to Washington.

Kansas City, Jan. 18.—Webster Davis has started for New York with a petition carrying the signatures of 212,304 citizens of the south and west, which eventually are to go before congress asking for national sympathy for the Boers. These signatures have been received in answer to an appeal sent out by Mr. Davis some four months ago, and are addressed to the several congressmen, asking them to vote for a resolution already framed for them.

Mr. Davis will not deliver the petition in Washington himself, but intends to turn it over to the Boer consul in New York, by him to be placed in the proper hands. The documents are in sheet form, foolscap size, and when packed for transit filled four steamer trunks.

Caught in the Belt.

Dallas, Jan. 18.—James Ezell, a negro porter working at the Schneider-Davis Grocery company, while eating his dinner near the elevator engine Friday was caught in one of the belts and dashed to the floor, causing severe bruises to his head and shoulders. He was picked up in an unconscious condition and a physician summoned. His wounds are regarded as serious, but not fatal.

Krause Given Two Years.

London, Jan. 18.—Lord Chief Justice Alverstone sustained contention of the defense of Dr. Krause that charge of inciting to murder must fail, as there was no evidence that letters in the case had reached Brocksman, but held that question of "attempting to persuade" must go to a jury. Dr. Krause was found guilty and sentenced to two years' imprisonment.

No Smallpox at Corsicana.

Corsicana, Tex., Jan. 18.—Alderman M. Y. Wilson has investigated the smallpox situation in this city and found no ground for the rumors that have been spread. The patients, whose cases were reported, were seen by Mr. Wilson, and no trace of the disease was found.

Died of Lockjaw.

Houston, Tex., Jan. 18.—The death of Joseph W. Lomas from lockjaw occurred Friday evening. Recently he was stuck by a nail. It healed and appeared to be well. Four days ago he was taken with lockjaw and death resulted. He was 42 years of age and was a native of Canada.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac. dtt

THE FIGHT A FAKE.

Sharkey and Maher Contest Stopped by Referee as No Fight.

Philadelphia, Jan. 18.—Tom Sharkey and Peter Maher who were heralded to fight six rounds before the Industrial Athletic club for the championship of Ireland, at the Industrial hall here Friday night were stopped by Referee Roca in the middle of the third round in one of the poorest exhibitions ever given in this city.

The men had been arrested early in the evening and bound over in \$5000 bail to keep the peace and this apparently reduced the steam of their blows. Not a blow was struck which would have rocked a bantam's head. When the bout had progressed for two and a half rounds, amid incessant cat calls, hisses and cries of "take them off," and "fake," Referee Roca stepped to the side of the ring and said that he had been engaged to referee a contest.

"This is no contest," he concluded, the men took their corners and the contest was over.

Both Sharkey and the president of the club attempted to address the angry crowd, but neither was permitted to speak. The spectators were worked up to such a pitch that they broke chairs and benches in their desire to "get even." It was little satisfaction for the 4000 persons who had paid \$2, \$3 and \$5 for seats.

Marion Cramer, an old soldier, was killed by a train at Danville, Ill.

General William J. Palmer has donated \$50,000 cash and 100 acres of land to found a \$250,000 sanitarium at Colorado Springs, Colo. Two buildings have been projected, to cost \$200,000 and \$50,000 respectively.

Some coal dealers at Indianapolis, Ind., were arrested for giving short weight.

It is announced that the board of directors of the Texas State Agricultural and Mechanical college will not elect a successor to the late President L. L. Foster until the end of the present school term of that institution.

The cotton mill at West, Tex., has increased its capital stock from \$100,000 to \$125,000, and will use the additional money for enlarging the plant.

More European Exhibits
Would Be in Place.

Washington, Jan. 18.—Ex-Governor Francis, in response to a request from the Associated Press, made the following statement regarding reports that the Louisiana Purchase exposition would be postponed from 1903 to 1904: "I was much surprised to learn that a statement had been printed to the effect that I had virtually admitted that the fair would be postponed from 1903 to 1904. I have never advocated nor contemplated such action. On behalf of the local company I desire to say it can be ready for the exposition in 1903 and will be ready. When some newspaper men asked me Friday if the fair would be postponed, and I made a negative reply, I was asked if we could not prepare a better fair in 1904 than 1903. I replied 'Yes, and so can we prepare a better fair for 2004 than for 1904.' I cannot see why this statement should be construed as an admission that the Louisiana Purchase exposition would be postponed from the date fixed by congress and announced by the president in his proclamation inviting foreign countries to participate. Some of the European governments have sent replies declining, and one object of my visit to Washington is to ask the state department and the administration to bring additional pressure upon such governments to reconsider their conclusion. If, however, they refuse to do so, it would not mean that St. Louis would not have exhibits from those countries, as our commissioners would make appeals to manufacturers and other exhibitors therein. One or more of the foreign governments have given as reasons for the declination that they have not time in which to prepare. Whether the governments so declining would participate in the event of a postponement have not been ascertained.

"I am still in conference with the state department and trust that within the next few days some plan will be evolved whereby foreign governments that have declined can be induced to reconsider."

"If," continued Mr. Francis, "the state department or the administration or congress should desire this fair postponed in order to give foreign governments a longer time in which to prepare, I have no doubt the local corporation would readily grant such wishes."

"Do you expect that such a contingency will arise?" was asked.

"No, I do not expect, but firmly believe that everything will be in readiness and the fair will open on time," was Mr. Francis' reply.

That Postponement Rumor.
St. Louis, Jan. 18.—"Whereas, the public press has agitated the question of postponement of the Louisiana Purchase exposition.

"Resolved, That under the act of congress and under every plan of the board of directors and executive committee, the exposition will open and close in the year 1903."

These resolutions were unanimously adopted at a meeting of the executive committee of the exposition company Friday evening to set at rest statements coming from Washington to the effect that the World's fair might have to be postponed from 1903 until 1904.

Wants to Be Exempt.
Austin, Jan. 18.—The Cotton Belt has made the first move in the matter of the commission's action in adopting the new tariff of class rates. General Freight Agent Lebane of the Cotton Belt telegraphed the commission requesting that his road be exempted from the new tariff. It is expected that a number of other roads will also ask to be exempted, but the commission is not disposed to grant such requests and will not do so.

Passenger Train Ditched.
Lafayette, La., Jan. 18.—A fast passenger train on the Southern Pacific road was wrecked Friday at Code Station, 12 miles east of Lafayette. Five passenger cars were thrown from the track, all well filled with passengers, but fortunately only three were seriously hurt.

Run Over by a Wagon.
Memphis, Tex., Jan. 18.—J. E. Randall was instantly killed four miles northeast of here. A wagon, which was heavily loaded with cottonseed, broke in two, throwing him under the wheels, crushing his skull and breaking his neck.

County Clerk Resigns.
Denton, Tex., Jan. 18.—The resignation of County Clerk E. F. Zumwalt has been formally accepted by the county commissioners, and Deputy Clerk Lee Zumwalt, a brother, was appointed to serve for the remainder of the unexpired term.

Child Burned to Death.
Burkeville, Tex., Jan. 18.—Alithia, the 3-year-old daughter of Prof. H. P. Webb, who was burned Thursday morning, died.

PLEA FOR THE BOERS.

Webster Davis Is Taking a Monster Petition to Washington.

Kansas City, Jan. 18.—Webster Davis has started for New York with a petition carrying the signatures of 212,804 citizens of the south and west, which eventually are to go before congress asking for national sympathy for the Boers. These signatures have been received in answer to an appeal sent out by Mr. Davis some four months ago, and are addressed to the several congressmen, asking them to vote for a resolution already framed for them.

Mr. Davis will not deliver the petition in Washington himself, but intends to turn it over to the Boer consul in New York, by him to be placed in the proper hands. The documents are in sheet form, foolscap size, and when packed for transit filled four steamer trunks.

Caught in the Belt.

Dallas, Jan. 18.—James Ezell, a negro porter working at the Schneider-Davis Grocery company, while eating his dinner near the elevator engine Friday was caught in one of the belts and dashed to the floor, causing severe bruises to his head and shoulders. He was picked up in an unconscious condition and a physician summoned. His wounds are regarded as serious, but not fatal.

Krause Given Two Years.

London, Jan. 18.—Lord Chief Justice Alverstone sustained contention of the defense of Dr. Krause that charge of inciting to murder must fail, as there was no evidence that letters in the case had reached Brocksman, but held that question of "attempting to persuade" must go to a jury. Dr. Krause was found guilty and sentenced to two years' imprisonment.

No Smallpox at Corsicana.

Corsicana, Tex., Jan. 18.—Alderman M. Y. Wilson has investigated the smallpox situation in this city and found no ground for the rumors that have been spread. The patients, whose cases were reported, were seen by Mr. Wilson, and no trace of the disease was found.

Died of Lockjaw.

Houston, Tex., Jan. 18.—The death of Joseph W. Lomas from lockjaw occurred Friday evening. Recently he was stuck by a nail. It healed and appeared to be well. Four days ago he was taken with lockjaw and death resulted. He was 42 years of age and was a native of Canada.

WORLD'S FAIR POSTPONED

Louisiana Purchase Exposition Will Not Open Until 1904.

Washington, Jan. 17.—The Louisiana Purchase exposition, which was to have been held in St. Louis in 1903, will not take place until 1904. This fact is practically conceded by ex-Governor Francis, president of the company, and Adolph Busch, financial agent of the company, now here. Since arriving here and conferring with foreign representatives Mr. Francis and Mr. Busch have come to the conclusion that unless the exposition is postponed for a year the exposition may not be able to secure the elaborate foreign exhibits desired.

CHARGES REFUTED.

Kitchener Denies Some of the Cruelties Charged to Boer Camp.

London, Jan. 17.—The book just issued on the subject of the concentration camps in South Africa contains further detailed explanations from Lord Milner, the British high commissioner, and Lord Kitchener as to the causes of the excessive death rate in camps, and refutations of the charges of cruelty.

Kitchener emphatically denies Com-mandant Schalkburgher's allegations of forcible removal and exposure of pregnant women and children, and treatment of women and children, and says: "I offered Botha to leave families and relatives of fighting burghers in the undisturbed possession of their farms if Botha would agree to spare the farms of families of surrendered burghers. Botha emphatically refused, saying: 'I am entitled to force every man to join and if they do not join to confiscate their property and leave their families on the veldt.'"

The blue book gives statistics for the month of December last, when there were 117,017 inmates of camps and 2380 deaths, of which number 1767 were children.

KRAUSE ON TRIAL.

He Is Arraigned for Murder in Inciting Brocksman to Kill Foster.

London, Jan. 17.—The trial of Krause, former governor of Johannesburg, on charge inciting Cornelius Brocksman, public prosecutor of Johannesburg to murder Douglas Foster, the English lawyer on the staff of Lord Roberts, opened at Old Bailey.

If the prisoner and his friends had been suspected of the design to explode dynamite in court precautions against the admission of unauthorized persons could not have been more stringent. Every one was closely scrutinized and compelled to produce a card of admission. The prisoner pleaded not guilty and Solicitor General Edward Henry Carson proceeded to detail facts already testified to in the police court.

Brocksman, whom Dr. Krause is alleged to have incited to the murder of Foster, was executed by the British in South Africa.

Judgment for Prof. Witthaus.

New York, Jan. 17.—The supreme court has rendered a verdict for \$6639 in favor of Prof. Rudolph Witthaus, who had sued the city to recover \$6180 for services rendered by him in making a chemical analysis on portions of the remains of Henry Barnett, whose death figured in the indictment and trial of Roland B. Molineux. The verdict rendered included \$459.65 interest on the amount sued for.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac. dtf

THE FIGHT A FAKE.

Sharkey and Maher Contest Stopped by Referee as No Fight.

Philadelphia, Jan. 18.—Tom Sharkey and Peter Maher who were heralded to fight six rounds before the Industrial Athletic club for the championship of Ireland, at the Industrial hall here Friday night were stopped by Referee Roca in the middle of the third round in one of the poorest exhibitions ever given in this city.

The men had been arrested early in the evening and bound over in \$5000 bail to keep the peace and this apparently reduced the steam of their blows. Not a blow was struck which would have rocked a bantam's head. When the bout had progressed for two and a half rounds, amid incessant cat calls, hisses and cries of "take them off," and "fake," Referee Roca stepped to the side of the ring and said that he had been engaged to referee a contest.

"This is no contest," he concluded, the men took their corners and the contest was over.

Both Sharkey and the president of the club attempted to address the angry crowd, but neither was permitted to speak. The spectators were worked up to such a pitch that they broke chairs and benches in their desire to "get even." It was little satisfaction for the 4000 persons who had paid \$2, \$3 and \$5 for seats.

Marion Cramer, an old soldier, was killed by a train at Danville, Ill.

General William J. Palmer has donated \$50,000 cash and 100 acres of land to found a \$250,000 sanitarium at Colorado Springs, Colo. Two buildings have been projected, to cost \$200,000 and \$50,000 respectively.

Some coal dealers at Indianapolis, Ind., were arrested for giving short weight.

It is announced that the board of directors of the Texas State Agricultural and Mechanical college will not elect a successor to the late President L. L. Foster until the end of the present school term of that institution.

The cotton mill at West, Tex., has increased its capital stock from \$100,000 to \$125,000, and will use the additional money for enlarging the plant.
